

AirSim Child Combo X

Product Code: CC10006X

Weight: 2.6kg

Dimensions: 40 x 24 x 22cm

A complete pediatric solution for realistic airway management training

“The incredible realism and anatomically correct details provide our pediatric anesthesiology and critical care learners an experience similar to a real clinical scenario”

-Patrick Ross, Los Angeles Children’s Hospital

“Having seen over 300 providers so far, there is no difference from the product new and the way it is a year later”

-Christopher Graham, Albuquerque Ambulance

“I wanted to restate that in my 42 years of practicing Respiratory Therapy- I have never seen a more complete line of airway manikins”

-John T. Murphy, Franciscan St Francis Health

Ideal for training in...

- Oral and nasal intubation
- Needle and surgical cricothyroidotomy
- Percutaneous tracheostomy
- Bag/mask ventilation
- Laryngeal Mask Airway (LMA) and supraglottic device insertion
- Combitube insertion

Features and benefits...

- AirSim X airway is certified to practice 20,000+ intubation cycles without fail and is supported by a 5-year airway guarantee
- Realistic larynx which features palpable cricoid landmarks, laryngeal cartilages and tracheal rings to provide positive user feedback and easy identification of the sternal notch
- Cost-effective consumables which are quick and easy to interchange, perfect for a busy teaching environment
- Inflatable tongue bulb to create tongue edema providing a variance during training
- User feedback through the visualization of stomach inflation and lung expansion
- Optional subcutaneous fat tissue with blood can be added to demonstrate a more difficult tracheostomy or cricothyroidotomy procedure
- Missing front tooth to illustrate realistic dentals of a 6-year old
- Can be upgraded to an AirSim Child Combo Bronchi X for bronchoscopy training techniques
- Modular design allowing for all parts to be changed within your organization (if required)
- Delivered ready to use in a durable carry case for easy transportation and safe storage

Package Contents...

- 1 AirSim Child Combo X (assembled and ready to use)
- 1 TruCorp carry case
- 1 USB pen drive containing product user manual
- 1 bottle of TruCorp lubrication (100ml)
