

TruMan Trauma X

Product Code: TTR2000X

Weight: 15kg

Dimensions: 79 x 45 x 28cm

An innovative and durable solution for realistic airway management and trauma training skills

“The TruMan Trauma is the most advanced, yet affordable trauma simulator on the market today”

-Keith Carter, Pafford Air One

“Having seen over 300 providers so far, there is no difference from the product new and the way it is a year later”

-Christopher Graham, Albuquerque Ambulance

“I wanted to restate that in my 42 years of practicing Respiratory Therapy- I have never seen a more complete line of airway manikins”

-John T. Murphy, Franciscan St Francis Health

Ideal for training in...

- Oral and nasal intubation
- Needle and surgical cricothyroidotomy
- Percutaneous tracheostomy
- Bag/mask ventilation
- Laryngeal Mask Airway (LMA) and supraglottic device insertion
- Combitube insertion
- Chest tube insertion
- Needle decompression
- Cardio Pulmonary Resuscitation (CPR)
- Venus engorgement and tracheal deviation identification

Features and benefits...

- AirSim X airway is certified to practice 20,000+ intubation cycles without fail and is supported by a 5-year airway guarantee
- Realistic larynx which features palpable cricoid landmarks, laryngeal cartilages and tracheal rings to provide positive user feedback and easy identification of the sternal notch
- Facilitates recognition of correct position, surgical incision, blunt dissection through chest wall, perforation of pleura, fluid simulation and finger sweep in the 6th and 7th intercostal space
- Ability to create either right or left tension pneumothorax using a resuscitation bag; a 'hiss' can be heard which the needle is successfully inserted into the 2nd or 5th intercostal space
- Easy identification of all anatomical landmarks for CPR, full head tilt with chin lift and jaw thrust to prepare the airway prior to resuscitation, with lifelike recoil during compressions
- Cost-effective consumables which are quick and easy to interchange, perfect for a busy teaching environment
- Inflatable tongue bulb to create tongue edema providing a variance during training
- Optional subcutaneous fat tissue with blood can be added to demonstrate a more difficult tracheostomy or cricothyroidotomy procedure
- Two difficult airway options are available (if required)
- Delivered ready to use in a durable carry case for easy transportation and safe storage

Package Contents...

- 1 TruMan Trauma X (assembled and ready to use)
- 1 TruCorp carry case
- 1 USB pen drive containing product user manual
- 1 bottle of TruCorp lubrication (100ml)
- 2 economy torso inserts (supplied on manikin)
- 2 needle decompression inserts (supplied on manikin)
- 5 larynx inserts (1 supplied on manikin & 4 spare)
- 1 wraparound neck skin (supplied on manikin)

Recommended add-on...

- Super Saver Trauma Training Pack (20% discount)

Product Code: TTP0050

To ensure ongoing training is cost-effective, TruCorp offer a discounted bundle of consumables for 50 students. The pack contains the following:

- 50 Larynx Inserts
- 10 Wraparound Neck Skins
- 5 Wraparound Subcutaneous Fat Tissue Neck Skins
- 1 bottle of TruCorp lubrication (100ml)
- 20 Economy Torso Inserts (10 left & 10 right)
- 2 Needle Decompression inserts (1 left & 1 right)

Additional information:

- Each larynx insert facilitates 1 cricothyroidotomy and 2-3 tracheostomy procedures
- Each wraparound neck skin facilitates 15-20 incisions
- Each torso insert facilitates 3 incisions per side
- Each needle decompression insert facilitates 80+ needle penetrations, with self-healing materials leaving minimal marks
- Wraparound subcutaneous fat neck skins containing blood are available for enhanced realism
- 5-year AirSim X Airway warranty and 1-year warranty on parts (T&C's available upon request)
